WICKED EASY TAGS & RESTART

When danced to the song *Cheater, Cheater by Joey & Rory*, there is one restart and two simple tags.

- The first tag is danced the 2nd time you start facing the front wall (5th wall - 12:00) Immediately after you finish the 4th wall, insert a four count rocking chair (rock left heel forward, recover back right, rock back left, recover forward right) and then begin the dance again facing the front wall.
- The only restart is immediately after count 20 when you begin dance on wall 7, (2nd time you begin the dance facing back wall). Dance though count 20 (left touch) and restart dance. You will be restarting the dance facing 12:00
- The second tag is danced the 4th time you start facing the front wall (12th wall - 12:00) Immediately after you finish the 11th wall, insert a four count rocking chair (rock left heel forward, recover back right, rock back left, recover forward right) and then begin the dance again facing the front wall.

That's it. Have fun!

If you feel the inclination, you can throw in a final **ATTITUDE** stomp for the last beat of the song just to polish it off...
